

B-Class (from 2008)

Overview of model changes

1. Front

The New Generation B-Class model lines have been simplified, the B-Class is now offered in two variants; the SE and the Sport. Both variants feature a new three louvre matt silver grille with chrome trim as standard, helping to keep the B-Class looking more sporty. The New Generation B-Class has also received a redesigned front bumper, with changes to the area around the lower air intake. The Sport line adds chrome fog light surrounds with horizontal chrome accents.

2. Side

The New Generation B-Class now has larger, body coloured, door mirrors which thanks to their larger glass area add to the already impressive levels of safety. For the first time on the B-Class, door handles, rub strips and side trim are all body coloured on both the SE and Sport. The SE now comes with the fixed glass panoramic roof as standard. Sport models do not have the panoramic roof but instead have the features include in the previous optional Sports Package now as standard.

3. Wheels

The New Generation B-Class features a number of new alloy wheel designs for both standard and optional wheels. The SE features new 16" five-spoke alloys as standard whilst the Sport has new 17" ten-spoke alloys.

4. Rear

Both SE and Sport lines now come with a stainless steel load sill guard as standard, helping to protect the rear sill from scratches and helping to ensure that the B-Class remains as practical as ever. The New Generation B-Class also gets a shorter aerial that is now car wash compatible, a new diffuser-look rear bumper and a redesigned tailgate handle.

5. Engines

The New Generation B-Class now has a revised engine line-up: The petrol B150 (at 95 hp) and B170 (116 hp), and the diesel B180 CDI (109 hp) and B200 CDI (140hp).

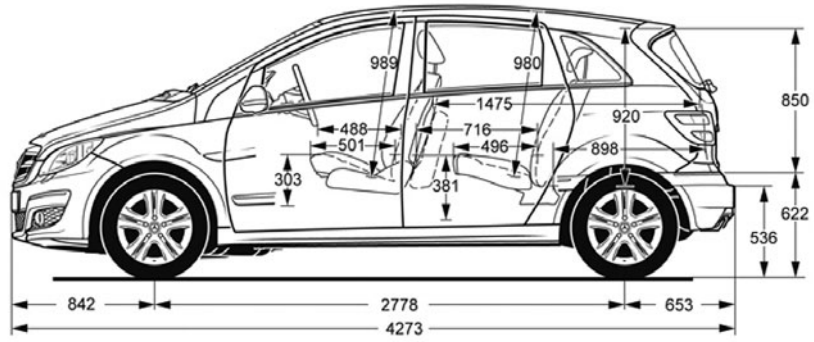

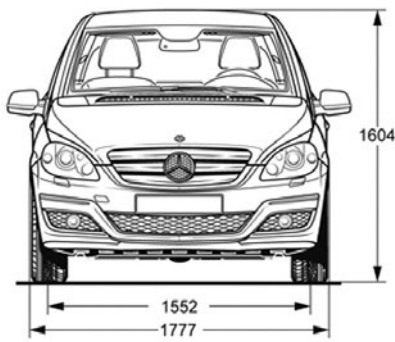

6. Telematics

The New Generation B-Class is supplied with NTG 2.5 Telematics. NTG 2.5 units include:

- The Audio 20 - radio with single CD - this system will come with 6 speakers, a Bluetooth interface as standard, and will play CDs with MP3 tracks.
- The Audio 50 adds DVD navigation, an integrated 6 CD/DVD changer (Audio only) and Linguatronic voice control.
- COMAND includes radio, hard disc navigation, Linguatronic, SD memory slot, 4GB music register and integrated 6 CD/DVD changer.

The integrated CD changer, Audio 50 and COMAND come with the Media interface as standard allowing full integration of audio devices such as iPod and USB memory stick.

Technical Data

B-Class Equipment

Standard features on all models
